DHF EXPRESS REFINING

04/2022

*SETTLEMENT

Standard process is: 2 business day settlement.
 Settlement can be done on most lots by XRF the same day as the material is sampled if requested.

At times sample delivery from Commerce, Phoenix or Burlingame to the Rio Rancho lab is delayed and settlements are completed in 3 or 4 days rather than 2. Settlement by check is based on the specified market prices on the 1st business day following receipt of material.
